About Us

About Our Company

Petributes was founded in 1994 on the basic, but fundamental principle of delivering to our customers what they want. We strive to provide top quality products and a service second-to-none, combined with creative thinking in developing new ranges and enhancing existing ones. We value the loyalty of our customers – many of whom have been with us since “day one”. Over the years Petributes has grown in size, but we are proud to remain a happy, family run company, that still understands the needs and culture of small businesses, whilst having the infrastructure to serve large companies and groups.

About Our Products

Our products are designed in-house and some are manufactured in our own workshops in the UK. Others are sourced from many parts of the world, always with emphasis on high quality, environmental sustainability and fair trade.

We are constantly reviewing our designs and pay close attention to feedback, enabling us to tailor our products to provide exactly what our customers need. If required we can offer bespoke products with a full “design-to-production” service.

Environmental & Shipping Information

We take our responsibility towards managing global resources seriously and do our utmost to source our products ethically and with consideration to environmental and social impacts. We regularly review our products and procedures in order to make improvements. In particular, as far as possible, we:

- transport our products in ways which minimize environmental impact
- use packaging made from recycled material
- insist our suppliers source raw materials in a responsible and sustainable way
- ensure our products, where appropriate, are made from 100% natural biodegradable materials
- regularly visit all our manufacturers to inspect working standards and practices and offer support in production methods where necessary
- use community based manufacturing where possible, such as in villages and co-operatives, rather than large factories. This, in turn, supports rural economies and reduces the environmental impact of commuting and migrant working and the consequent social impact on families.

Shipping & Returns

“No Arguments” Returns Policy

At Petributes we are passionate about giving excellent customer service. We strive to give our customers creative, good quality, value for money products, delivered in the very best condition. However, we recognize that there can be occasional mishaps and we have a straightforward “no arguments” returns policy. If you are ever dissatisfied with the quality of any of our products on receipt, please let us know and we will dispatch a replacement to you immediately,* free of charge, or issue a credit note.

*Subject to stock availability

In the event of late delivery, damaged, or missing goods, we ask that you let us know, if possible, within one working day. This helps us if we need to make a claim against the courier. If an insurance inspection is required, we will arrange for the collection of damaged goods

Cast Petributes - Cats

Cast Petributes figurine urns are a very popular choice and our range continues to grow. These lovely urns are cast from original sculptures commissioned exclusively for Petributes by local artists. They are made from cast resin and are hand colored to realistic bronze effects. These urns are for indoor use only, and we recommend a location out of direct sunlight. We also recommend the use of an internal ashes bag in case of accidental damage. All come complete with Memory Capsule (see p.25).

Patriot Memorials

The Eagle & Flag are beautifully represented in the stunning Patriot Memorial.

This beautiful statuette of an Eagle and Flag on a matte black plinth is designed to hold keepsake ashes and small precious mementos. The Eagle itself, electroplated in copper, is positioned with outstretched wings above the flag, which is enamelled in tasteful muted tones.

The plinth contains a Memory Capsule, with a tiny glass phial to hold a tiny quantity of ashes and space for a lock of hair, piece of jewelry or name tag and space for a photo or personalized plaque.

The Patriot Memorial is beautifully presented in a charcoal presentation box, lined with burgundy red satin. It can be combined with one of our Patriot Scatter Tubes which can be included within the presentation box together with the Memorial Urn.

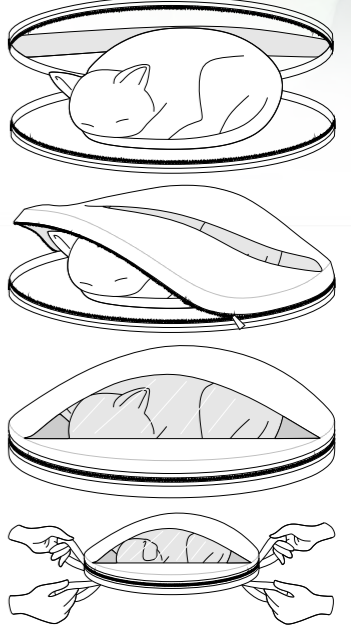

Amæ Bags

Discreet, respectful cremation bag

Amæ is a discreet, crematable bag that provides comfort for families and respect for the pet's body, allowing vets and pet crematoria to offer an enhanced and caring after-life service.

The gentle lines of this soft, oval bag echo the shape of the pet's own bed. For the family, visualizing their pet in this last resting place is more comforting than in a standard clinical bag. Use of the Amæ bag shows respect and dignity for the pet, as well as sensitivity to the family, in the presentation, preparation and preservation of the body.

The bag has an absorbent base lining, and is leak-resistant and ergonomic. Compact and flat in storage, they feature pleated covers which expand to the body shape inside and have a writable label and transparent viewing panel for identification. It is available in 5 sizes to suit most pets. Larger sizes have a supportive webbing cradle and handles for ease of handling.

Sizing Guide

Our Sizing Guide, to help with the selection of suitable Urns & memorials, is intended as a guide only, as ashes quantities can vary considerably. We are always on hand & happy to help with advice on suitability if needed.

Please note that in the case of Photo Memorials (Tribute Frames, Tribute FramePods & Tribute Boxes) the choice will often be determined by the size of the photo required, rather than the quantity of ashes.
